SAME/U.S. MARINE CORPS STEM, ENGINEERING & CONSTRUCTION CAMP

June 23-29, 2024 • Camp Lejeune, NC

Looking to engage in hands-on learning and fun?

The SAME/Marine Corps Camp is geared toward students interested in pursuing engineering-related studies in college or a service academy and is built on the steps that professionals encounter when working with a client to deliver sound installation and facilities-related products.

Campers live, eat, and complete activities as squads of 10, under the guidance of a uniformed servicemember and two STEM-related working professionals. Berthing is provided in Marine Corps barracks or local hotels; meals are taken at galleys or in the field; and instruction is conducted at various sites aboard MCB Camp Lejeune in North Carolina.
